

**SOCIETY OF PETROLEUM ENGINEERS (SPE)
 EVANGELINE SECTION – 2008-2009
 LOCAL SCHOOLS SCIENCE GRANT APPLICATION**

School Class
<input type="checkbox"/> Elementary
<input type="checkbox"/> Middle
<input type="checkbox"/> High

Dear Educator:

Thank you for all that you do for youth in education. SPE Evangeline Section invites you to participate in an award program supporting education in the petroleum industry directly or indirectly through related sciences. SPE's purpose of awarding funds is the recognition that the encouragement of young minds along with the provision of materials that explore various realms of science will bring more educated young men and women to our world.

Last year, SPE awarded grants to 26 schools. This year, the program will expand to schools in additional parishes of our section membership and will award grants up to \$500/school, depending on the schools applying and/or best lessons related to the Petroleum Industry.

Please return this completed application section, along with required additional information, by November 10, 2008 and send to your parish coordinator below:

Iberia: Ben Bienvenu, 337-989-3258, benbienvenu@chevron.com , fax 337-989-3440

Lafayette: Karen Lestelle, 337-277-0014, kdlestelle@zoomlinx.net , fax 337-264-6028

St. Martin: Ben Bienvenu, 337-989-3258, benbienvenu@chevron.com , fax 337-989-3440

**Vermilion: David Laperouse, 337-233-0035 or 298-0461, David.Laperouse@BakerPetrolite.com
 fax 337-233-3471**

School: _____

Mailing Address: _____

_____ City State Zip

School Phone: _____ Fax: _____
